DATASHEET / BROCHURE

Smart liner-free label printing for click & collect, takeaways and deliveries

This thermal label printer has been developed for a range of retail and hospitality businesses, including fast-food retail chains, restaurants, food delivery services, ghost kitchens, supermarkets, convenient stores and catering. The TM-L100 supports a range of media, including thick and highly-adhesive media, to help create a range of permanent and semi-permanent labels.

Create high-quality permanent and semi-permanent labels
The TM-L100 supports a range of liner-less media, including thick and highly-adhesive media.

Improve productivity
Reduce time and avoid costly mistakes associated with handwriting labels. The TM-L100 produces clear, legible and highly-adhesive labels, without the need to peel off the backing paper.

Reduce environmental impacts
Print labels without the plastic backing paper, to reduce label waste.

Integrate and connect easily
The TM-L100 can be easily integrated into existing POS systems, thanks to embedded ePOS capacities. The printer also has Bluetooth, Serial and Ethernet connectivity capabilities

Keep downtime to a minimum
High-quality, reliable hardware backed by Epson's history and heritage in the global printer marketplace.
